REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art or record, alone or in combination, teaches a process for filling a dual cartridge assembly, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in USA on 6/9/03. It is noted, however, that applicant has not filed a certified copy of the PCT application as required by 35 U.S.C. 119(b).

Drawings

The drawings filed on 1/12/04 are informal, since the letters, numbers and lines are not uniform in nature Figures 21 and 22. In order to avoid abandonment of this application, corrected formal drawing are now required in reply to the Office action. The correction will not be held in abeyance.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Keller and Brown et al. references pertain to various dual cartridge guns, similar to Applicant's device.
